HAVENER ITEMS

Mrs. Chester McGee is visiting her son in New York.

Lee Willis was mingling with friends here Friday afternoon.

J. O. Carpenter and family visited here Sunday afternoon.

John F. Taylor and family of Clovis attended singing here Sunday night.

A crowd from Blacktower was here Sunday night to help us out again.

Next Friday afternoon Blacktower school will play basketball with the Havener school.

Miss Turner spent Saturday at

Sunday with her mother, Mrs. J. F. Myers at Texico.

The Leap Year party at the home of Frank Mickey on February 29th was an enjoyable affair. The ladies went after the gentlemen and escorted them home. Nine couples were present. Refreshments were served at eleven.

Mr. Wilmon bought a place near Havener so that he could send his children here to school.

The new supplies for the school have come.

There has been lots of flu here. Mr. Shoup's family were all in bed at one time.

Jeff Mickey and family, who spent the winter in this community and sent their children to school, left last Wed-

nesday for Farmington, N. M.

Grandma Fulkerson, who makes her home with her daughter, Mrs. Winn, has been very sick but is better now.

Woodrow Mitchell is able to be up. His trouble has been an ulcerated throat.

Last Monday Mr. Frank Deese and Miss Ruth Mickey, Mr. Wilburn Farris and Miss Eula Mickey were quietly married in Clovis. Mr. Deese has been overseas. Miss Ruth Mickey, a trained nurse from Denver joined the Red Cross force and served in the World's war. Mr. and Mrs. Farris are both well known in Curry County. These couples were to have been married on Sunday and were going to Farwell. The driver of the car being in a hurry, making a quick turn, caused a wreck in which the girls escaped injury, except Miss Turner, whose head was much bruised. Mr. Deese and Mr. Farris had their noses broken and faces cut so badly that the doctor had to take stitches on them. "All's well that ends well." We hope all will end well for the substantial couples—just enough shadow to cause them to enjoy the sunshine.

PROCLAMATION

Whereas, the mayor of the village of Texico, N. M., by the authority vested in him has ordered this day March 1st, 1920, A. D., an election to be held in the village of Texico, N. M., at the office of F. G. Avery, on the 8th day of April, 1920, A. D., for the purpose of electing a Mayor, Clerk and Treasurer, and four Aldermen. Officers to conduct election are namely to-wit,

Clerks—Bob Williams, Dr. Micael.
 For Judges—Martin Cranfill, M. L. Rogers and G. W. Landers.
 J. F. McGREW, Mayor.
 Attest: J. B. COLTHARP, Clerk.
 (Seal) 3-11-4tc

SCATTERING SUNSHINE

The clergyman of a poor parish was showing a rich lady round, hoping to touch her heart and so receive a big check for his people.

"We are now passing through the poorest slums," he said as the car turned into a side street. "These people have little to brighten their lives."

"I must do something for them," the lady sighed, adding to the chauffeur:

"James, drive the car slowly, and turn on the big lamps."

In New Quarters

We are now located in the Klein corner, across the street west of Barry's Hardware store.

We have a good roomy office and want our friends to call in when in the city and have a rest and a visit whether you have any business to transact or not.

Sometime ago we told you in our advertisement that if you ever expected to buy the farm adjoining you, not to wait too long, as it would go higher. Ask yourself if it has not already proven true. We think it has and we think it is still going higher, if you want it, better buy it now. If you are fortunate enough to have the money, use it; if you don't happen to have enough, come in and talk it over with us. We think we can help you—we have helped others. Ask your neighbor about us.

We buy, sell and trade farms and city property and cattle. Clerk sales and buy sale paper. When in need of our services in any of our lines, call on us or write a letter explaining your wants.

Yours for business,

Union Mortgage Co.

M. P. MARTIN'S

Real Public Sale

Tuesday, March 16

At my farm 4 miles south and 1 mile west of Pleasant Hill school, 6 miles east and 4 miles north of Clovis, 2 miles west and 5 miles north of Texico. Having sold my farm I will sell my entire outfit at public auction on above date, the following property, to-wit.

 Brand Inspector District 13, Clovis, New Mexico. 2-14-4tc

ADMINISTRATRIX NOTICE

Notice is hereby given that letters of administration upon the estate of Charlie L. Temple, deceased, was granted to me by the Probate Court of Curry County, New Mexico, on the 31st day of January, 1920, and all persons having claims against said estate must present them for payment within the period of one year from said date or they will be forever barred.

MONTEE TEMPLE,
 Administratrix. 2-5-4tc

When The Day Is Over

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but

headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago.

Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening, bearing-down pains, irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic no good the druggists everywhere sell it, in liquid or tablet form.

The News gives all the news and is only \$1.50 per year.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

MOLINE
UNIVERSAL TRACTOR
 It Solves The Farm Help Problem

With two 14-inch bottoms, under average plowing conditions, the new Moline Universal Tractor, Model D, plows 9 acres in 10 hours, as much as ordinary 3-plow machine. The superior efficiency of the Moline Universal is due to its higher speed, 3 1/2 miles an hour, two bottoms at 3 1/2 miles giving the same number of plow-miles as three bottoms at 2 1/4 miles.

Plowing at 3 1/2 miles an hour gives ideal results, the ground being pulverized more thoroughly than at slower speeds, with less air space. Tough sod that can't be turned at all at 2 1/2 miles an hour is plowed with ease.

Perfect work is assured with the Moline Universal through the advantageous position of the operator, who sits on the implement, where he must sit in order to do good work. The Moline Universal is easily handled, turns short, and backs as readily as it goes forward.

Waste of time in the field is eliminated and the tractor kept at productive work a maximum number of hours a day through a complete electric starting and lighting system. The Moline Universal is the only tractor thus regularly equipped.

The secret of the speed and power of the Moline Universal lies in its perfected overhead-valve engine and two-wheel construction. The engine develops 18 horsepower at the belt, and 9 at the drawbar, every ounce of which is available for pull. There are no dead wheels to drag along that only carry weight and steer.

For plowing in extremely soft ground, the Moline Universal is equipped with a differential lock that enables the two drive wheels to be locked together, doubling their pulling power.

When plowing the land wheel is raised so that the tractor is level. The wheel is very easily and quickly raised or lowered.

The light weight of the Moline Universal, 3250 pounds, and its high clearance, 29 1/4 inches, make it adapted for all other field work, besides plowing. With it one man can plant 40 acres a day, cultivate 20 acres a day, harvest 25 acres a day, or do any other work with equal speed. It is the ideal tractor for any sized farm, practically eliminating horses and solving the farm help problem.

Call and let us show you this remarkable machine.
